Results Features You’ll Love!

- ✓ **Build Relationships** - Exceed your customer’s expectations when everyone knows what was promised, what was ordered, what projects are underway, and what is scheduled for the future.
- ✓ **Automate Processes** - Improve customer satisfaction by ensuring consistent service delivery and that nothing falls through the cracks!
- ✓ **Manage Projects** - Results takes a headache-free approach to Project Management by providing the missing link between Sales and Project Delivery.
- ✓ **Grow Sales** - Manage sales opportunities, create and send accurate quotes, schedule follow up, and manage the sales pipeline.
- ✓ **Control Billing and Receivables** - Results helps you get control of Billing and Receivables by allowing users to convert billable time directly into invoices, as well as creating Invoices from Quotes and Sales Orders.

- ✓ **Service Orders & Scheduling** - See what work needs to be done, who is available to do it, and assign tasks to individuals or departments.
- ✓ **Go Mobile** - It doesn't matter if you're working at home, in the office or on the road – you'll have access to the real-time company information needed to be productive from any web-enabled device, including tablets and smart phones.
- ✓ **Integrate with Key Products** - Our powerful built-in integrations automate sharing information between the applications you use every day – such as QuickBooks, Outlook, Constant Contact, SmartVault and more!
- ✓ **Results Delivered Your Way** - When it comes time to implement Results, we know one size does not fit all. That is why we give you the choice of a desktop or web/mobile solution, which can either be deployed in-house or on a hosted environment.
- ✓ **Budget-friendly Pricing** - One-time Purchase starting at \$395/user and Monthly Subscription starting at \$19/user/month.
